What are the Life in the Spirit Seminars?

The Life in the Spirit Seminars are a widely-used course which has helped thousands of Christians to find fuller expression and commitment in their spiritual lives. The seminars present the central truths of the Gospel: God's love for man, the salvation He offers in Jesus Christ, and His invitation to us to receive new life. They explain how a person can receive a full experience of the power and gifts of the Spirit.

Who should attend?

- If you attend Church fairly regularly, but find no real life or enthusiasm — you should!
- If you have drifted away from Church, but would be interested in finding a way back — you should!
- If you have a deep strong faith, but feel in need of refreshment — you should!
- If you are a 'Baptism, Wedding, Funeral Christian' & feel you want more — you should!
- If you are young and want more purpose and direction in your life, & want to make new friends — you should!
- If you have been putting off letting God come more into your life — perhaps to lead you from being a lukewarm Christian to a committed one — you should!

If you aren't sure, come anyway. Bring a friend! The speakers are stimulating, the company good. You will be glad you came.

Although the seminars are being run in a Catholic parish, Christians of all traditions will be most welcome.
